Tables

- ⚙️ A collection of table rows
- ⚙️ Table rows are set up and added to the table at once

Number and Type

```
// For simple tables  
table.setNumberOfRows(20, withRowType: "MyRowType")
```

```
// For tables with different row types  
table.setRowTypes(["HeaderRowType", "MyRowType", ...])
```

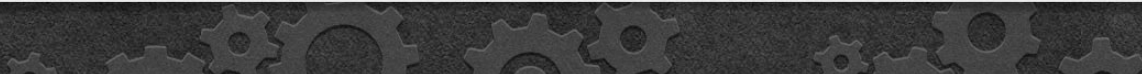

```
// A few rows at a time  
table.insertRowsAtIndexes(NSIndexSet(), withRowType: "MyRowType")
```

Setting Up Table Rows

```
// Get the row at an index
let row = table.rowControllerAtIndex(i) as? MyRowController

// Fill in the row data...
```

Demo

- ⚙ Get posts from data source
- ⚙ Set number of rows
- ⚙ Configure each row with its data
